

Quick View of four Enhanced Hybrid Models (Scenarios A-D)

Each scenario below describes how each model would differ from the current hybrid schedule of two days per week on campus and three remote days. All approaches (models) maintain the approximate Wednesday flex day hours.

Important - We have not decided on a model(s). we are seeking your comfort level and commitment to the below models. If we have capacity to follow through on any model(s) we plan to implement as early as February, 1, 2021.

	Enhanced Hybrid Models	Days on campus in a 3-week period (out of 15)	Cohort mixing	Consistency of Schedules
Scenario A	Alternating Flex Days	6 full + 1-2 flex days	No	Bi-Weekly
Scenario B	Four Day Weeks, Every 3rd week	8 full days	Yes	Tri-Weekly
Scenario C	Alternating Four Day and Two Day weeks	8 or 10 full days (9 days avg.)	Yes	Bi-Weekly
Scenario D	Three Day Weeks	9 full days	Yes	Weekly
