

Good morning Ardsley middle and high school families! We are excited to roll out an amazing opportunity for our 5th-12th grade students that we hope you will consider being a part of.

With all of the craziness going on, it's time to think about how we can help each other. We are looking to match up Ardsley high schoolers who can tutor or help Ardsley middle schoolers with their school work, be a friend, and help each other adjust to this new normal. This will be a wonderful chance for our high school students to help our middle school students, and experience a blast to the past, with middle school curriculum! It also serves as a learning opportunity for our older students too.

While this “Panther Pal” program is entirely voluntary, we do hope for maximum participation. Even if your child is not struggling in a particular subject, we are encouraging this opportunity for human contact. Social distancing has thrust some students into situations where they may be more isolated than others.

By completing the attached brief survey, AMS and AHS will work together to make an appropriate match for your student. Please note that the AMS form must be completed by parents with student input, and the AHS form is to be completed by students.

There is consideration of how we can broaden support to include our elementary students, however, we want to start with our most independent and responsible students.

With your help, this program can be a huge success!

Sincerely,

Ms. Jennifer Goldenberg
Assistant Principal
Ardsley Middle School

Mr. Frank Carlson
Assistant Principal
Ardsley High School
