STUART HORLACHER
PRINCIPAL

JENNIFER GOLDENBERG
ASSISTANT PRINCIPAL

Dear AMS Families,

As part of our continued efforts to maintain a welcoming and inclusive environment, we are thrilled to introduce the No Place for Hate® program here at AMS.

Today, students in all grades attended an assembly, where the program was explained to them. No Place for Hate (NPFH), a long-standing initiative of the Anti-Defamation League (ADL), affords students, teachers, administrators and community members the opportunity to work together to challenge prejudice and promote a culture of respect in their school and community. By participating in No Place for Hate we have the opportunity to create an environment that fosters unity and respect and reduces bullying, name-calling and other microaggressions that lead to bias.

As was discussed in the assembly, AMS will partake in three or more NPFH activities this year, which will be planned for, and by, our very own students. Students who are interested in being a part of this planning committee can sign up in Ms. Goldenberg's office. We also welcome any interested parents who would like to become a member of the NPFH committee.

Please take a look at the [presentation](#) your child saw today. To kickoff this exciting program, we are holding a poster contest with the theme: *Imagine a World Without Hate*. For more information on this contest, please refer to the presentation.

If you would like to become a part of the NPFH committee, please email Ms. Goldenberg at jgoldenberg@ardsleyschools.org.

Thank you for your support!
