

Athlete of the Week

May 1st - 6th

Lauren Rende

Softball (Sophomore)

This Week's Accomplishments Lauren was named Lohud softball player of the week, here is the statement from the article; Anyone who does not know about Lauren Rende is either oblivious or simply uninformed. Anyone reading this is no longer uninformed. Rende, the power-hitting catcher out of Ardsley, is already one of the top hitters in the section and the state as a sophomore. Those seeking evidence can refer to her seven-RBI game against Rye Neck last year. If you want recent data, just take a look at what she did last week. Rende homered in all four of the Panthers' games, giving her more than enough juice to make a case for the Westchester/Putnam player of the year when all is said and done. For now, she will have to settle for being the Lohud softball player of the week.
